

## MANAGER JAVA DEVELOPMENT (F/M)

# UNIVERSITY RELATIONS DEPARTMENT

## PART-TIME

Location: Darmstadt

University Relations initiates and maintains the cooperation between Software AG and universities around the world. Included in the University Relations Program, are multifaceted services for students and faculty members. To further better our academic and research-oriented services, we're looking for a Manager Java Development (f/m) to work in Darmstadt **part time (20 hours/week)**.

### Your Tasks

Core competencies will include technical assistance within an international team. You'll be in contact with our university partners worldwide, providing direct support to students and faculty members. Within the team, your responsibilities include the further development of the University Relations Program, quality management for our Education Packages, and heading a small team of students. Additionally, you'll be the administrator of the department's communities and ensure that their download interfaces run smoothly.

### Your Qualifications

- Degree in Business Information Systems, Computer Science, or a degree in a similar field
- Multiple years of professional experience
- Outstanding knowledge of Java application programming as well as experience with Eclipse
- Practical knowledge of Service-Oriented Architecture (SOA) and/or the analysis of data streams
- Any experience with Software AG products like webMethods, Apama and Terracotta is beneficial, but not required
- Ability to use programs from Microsoft Office and Adobe
- Fluency in German and English, both written and spoken
- Ability to work and communicate in a team and have experience leading smaller teams

**Expect an international working environment, interesting tasks and a young team.**

### Interested?

We are looking forward to receiving your application documents with our online procedure at:

**<https://jobs.softwareag.com>**.

Your application should include a short cover letter, a curriculum vitae in the form of a table and your references.
